Employee Engagement: Strategy and Practices

Employee Engagement: Strategy and Practices

Introduction

Employee engagement is largely a business difficulty that contemporary firms are increasingly dealing with, rather than solely an HR one. After a protracted lockdown, modern businesses now place a high focus on employee engagement and retention. You will discover what employee engagement is all about, how to measure it, and most crucially, how to create and implement successful engagement initiatives that have an influence on overall business performance, in this online learning course.

Course Objectives

At the end of this course, participants will be able to:

- Draw lessons for employee engagement from well-known models.
- Create, construct, and put into practice the prerequisites for an engagement culture.
- Create unique HR strategies to boost employee engagement.
- Create a thorough employee engagement index and analyze the outcomes

Targeted Audience

- Managers seeking to understand the mechanisms behind worker engagement. The course is additionally designed to satisfy the needs of professional HR as well as managers and supervisors whose main duty is to engage and motivate their teams.
