Lead Outsourcing Manager

REF: ST1986 DATE: 28 October - 1 November 2024 Venue: Singapore - Fee: 6325 Euro

Introduction:

You can fully learn the fundamentals of outsourcing based on ISO 37500 with the help of lead outsource manager training. You will learn the skills you need to assist a company in planning and implementing an outsourcing strategy as well as in transitioning, running, monitoring, and evaluating outsourcing activities.

You can take the exam and apply for a "Certified Lead Outsourcing Manager" credential after you have mastered all the essential outsourcing principles. You can prove that you have the knowledge and skills necessary to manage outsourcing activities by having a Lead Outsourcing Manager Certificate.

Course Objectives:

At the end of this course the participants will be able to:

- Recognize the concepts and principles of outsourcing based on ISO 37500 recommendations.
- Learn everything there is to know about the entire outsourcing lifecycle model.
- Understanding how to apply ISO 37500 principles to a particular organization's situation
- Develop the knowledge necessary to assist a company in developing and implementing an outsourcing strategy.
- Master the knowledge necessary to assist a business with the implementation and management of outsourcing activities
