Innovation and Excellence in Human
Resources and Personnel Management

A group of four smiling business professionals (two men and two women) are seated around a table in a meeting room. They are all wearing white shirts. The woman in the foreground is wearing a black top and a multi-strand necklace. The background is a bright, modern office environment.

Innovation and Excellence in Human Resources and Personnel Management

REF: C1490 DATE: 21 - 25 October 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5850 Euro

Introduction:

It can be said that the development of governmental or private institutions, improving performance, and developing human resource capabilities are among the basic objectives pursued by the institutions through planned and deliberate change.

These institutions face today a range of challenges and threats related to efficiency, effectiveness, and profitability; as well as challenges related to the renewable environment, high competition, globalization, total quality, balanced performance, team building, and attention to creativity, excellence, customer satisfaction, and ambition levels.

There is a challenge related to maintaining consistency between organizational dimensions such as organizational culture, organizational climate, strategic planning, the face of renewable technology, and the information and knowledge revolution.

Institutions will be able to meet these challenges only through their distinguished and creative human resources, which can lead our Arab organizations and institutions to change, innovation, development, leadership, excellence, standing in the first ranks, not the ranks of the ordinary.
