# Strategy Building and Sustaining Competitive Advantage

REF: C595 DATE: 2 - 6 December 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5850 Euro

## Introduction:

Why do some companies appear to have little difficulty in growing and changing whilst other companies decline and even collapse? Why do companies fail in markets that are showing considerable growth? Why is it that in many businesses 80% of the total available profits are earned by just the top 3 or 4 companies?

The answer is simple and straightforward - but it is not easy. Companies that grow and change are companies that know how to build robust strategies that secure and sustain competitive advantage. The concepts of strategy and competitive advantage are at the very heart of business success. This has always been the case. The big challenge in the 21st century is that almost all businesses are becoming more complex, more competitive, and more international

This conference focuses on these two central and vital concepts - strategy and competitive advantage. The conference is relevant to managers in every part of the organization because increasingly managers need to understand how their part of the business contributes to these two important issues - building a robust strategy and sustaining competitive advantage

## Conference Objectives:

At the end of this conference the participants will be able to:

- Understand the concepts of strategy and strategic management
- Understand the main frameworks within which robust strategies people s can be created
