The Agile Manifesto, Values and Principles

A group of four smiling business professionals (three men and one woman) are seated at a table in a meeting room. They are all wearing white shirts. The woman in the foreground is wearing a black top and a multi-strand necklace. The background is blurred, showing a modern office environment with large windows.

The Agile Manifesto, Values and Principles

REF: BV1967 DATE: 23 - 27 December 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5300 Euro

Introduction

Participants will gain knowledge about the Agile Manifesto and how it supports individuals and teams in producing more effectively over time. The four values and twelve principles of the Manifesto are also covered in great detail throughout the training program. It illustrates the theory as well as real-world applications, workplace advice, and resources: How to create agile teams utilizing Scrum tools and the Agile concept, as well as how to go about turning a traditional organization into an agile one.

Course Objectives

At the end of this course, the participants will be able to:

- Understand when and how to use the agile values and principles.
- Recognize the advantages and results of working in an agile manner
- Find creative ways to collaborate with both internal and external customers
- Develop your leadership and personal skills to operate in agile teams.
- Establishing and utilizing SCRUM to implement agile frameworks
