Global Macroeconomic Challenges

REF: F2024 DATE: 8 - 12 September 2024 Venue: Cairo (Egypt) - Fee: 3520 Euro

Introduction:

This training program explores the major macroeconomic challenges facing the global economy, including economic growth, inflation, and international trade dynamics. It provides participants with a comprehensive understanding of the factors influencing global economic stability and growth. It empowers them to analyze macroeconomic trends and develop strategies to address global economic challenges.

Program Objectives:

By the end of this program, participants will be able to:

- Understand the key macroeconomic challenges affecting the global economy.
- Analyze the impact of economic policies and global events on economic stability.
- Evaluate trends in inflation, economic growth, and trade.
- Develop strategies to manage and mitigate macroeconomic risks.
- Formulate policy recommendations to address global economic challenges.

Targeted Audience:

- Economists.
- Financial Analysts.
- Policy Makers.
- Economic Consultants.
- International Trade Specialists.

Program Outline:

Unit 1:
