Contract in Project Risk Management and  
Compliance

A group of four smiling business professionals (two men and two women) are seated at a table in a meeting room. They are all wearing white shirts. The woman in the foreground is wearing a black top and a multi-strand necklace. The background is a bright, modern office environment.

# Contract in Project Risk Management and Compliance

REF: P834 DATE: 2 - 6 December 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5300 Euro

## Introduction:

The Contract in Project Risk Management and Compliance program educates participants on managing contracts within project risk and compliance contexts. It covers contractual frameworks, obligations, and risk mitigation strategies. Participants learn to ensure compliance and enhance project outcomes through effective contract management.

## Program Objectives:

At the end of this program the participants will be able to:

- Apply useful techniques in identifying, analyzing, mitigating, and monitoring risks in the project life cycle.
- Use a practical, six-step process to manage project risk.
- Review the impacts of different approaches to risk allocation.
- Explore different contract types to transfer risks.
- Consider the contractual techniques to ensure effective risk allocation.
- Learn how to create an effective risk monitoring plan and risk management strategies.

## Targeted Audience:

- Contracts, Tendering, Purchasing, Procurement, and Project Personnel.
- Contract Administration, Engineering, Operational, and Maintenance Personnel.
- Risk, Claims, Financial, and Audit Personnel.
- Project Management Professionals.
- And all others who are involved in the planning, evaluation, preparation and management of tenders, specifications, awards, and contracts that cover the acquisition of materials, equipment, and services.

## Program Outlines:
