Food Safety Hygiene and HACCP

REF: S2386 DATE: 11 - 15 November 2024 Venue: London (UK) - Landmark Office Space Fee: 5850 Euro

Introduction:

This training program provides comprehensive education and skills development for individuals engaged in various roles within the food sector. Through it, participants gain vital knowledge and competencies to ensure compliance with regulations, maintain high standards of food safety, and contribute to the overall quality and integrity of food products and services.

Program Objectives:

- Understand the fundamental principles of food safety and hygiene.
- Comprehend the concept and importance of Hazard Analysis and Critical Control Points HACCP.
- Identify potential food safety hazards and apply risk assessment techniques.
- Develop and implement a HACCP plan tailored to specific food-related businesses.
- Enhance food safety knowledge and practices to ensure compliance with relevant regulations.

Targeted Audience:

- Food industry professionals, including chefs, cooks, and kitchen staff.
- Food service workers in restaurants, cafes, and catering businesses.
- Quality assurance and food safety managers.
- Regulatory compliance officers in the food industry.
- People involved in food handling, preparation, and distribution processes.
