Building an Effective Coaching System in your Organization

REF: H973 DATE: 2 - 6 December 2024 Venue: Tbilisi (Georgia) - Fee: 5830 Euro

Introduction:

The most cost-effective method for building the technical and work performance capability of your organization's staff is probably Coaching by professionals from within your own organization. After-all who understands your existing work processes better than your more experienced staff?

But there are many roadblocks in trying to seriously apply to coach, some of these include: Motivation, Lack of Coaching skills, Lack of Teaching Skills, Lack of Knowledge of Sources of Information, Internal Politics, Job Security Concerns, Lack of Management Commitment and so on.

This program provides a Blue Print for Building an Effective Coaching System which includes detailed practical steps/methods to overcome each of these roadblocks.

Course Objectives:

At the end of this course, the participants will be able to:

- Help the HR/ Management personnel identify in detail the current Coaching Skill training needs of their workforce.
- Take a step-by-step approach to the analysis of Coaching opportunities in your organization.
- Take away a detailed multidiscipline methodology to complete the analysis.
