Mastering Project Management

A group of four smiling business professionals (two men and two women) are seated at a table in a meeting room. They are all wearing white shirts. The woman in the foreground is wearing a black top and a multi-strand necklace. The background is a bright, modern office environment.

Mastering Project Management

REF: P785 DATE: 14 - 25 October 2024 Venue: Cambridge (UK) - Fee: 9915 Euro

Introduction:

The Mastering Project Management program offers intensive training to develop advanced project management skills. Participants emerge as adept project managers capable of navigating complex environments and delivering results effectively. This program covers the entire project life cycle and is structured after the Project Management Institute's A Guide to the Project Management Body of Knowledge.

Program Objectives:

At the end of this program the participants will be able to:

- Identify and prioritize project requirements to ensure successful delivery and stakeholder satisfaction.
- Apply best practices to plan and run a project successfully using proven project management processes.
- Implement risk management tools and techniques for identification, analysis, and development of strategies.
- Estimate resources and budgets, and schedule task work and duration with confidence.

Targeted Audience:

- Project managers.
- Team leaders.
- Business analysts.
- Consultants.
- Engineers.
- Individuals aspiring to pursue careers in project management.
