

# € TRAINING

Quality Management ISO 9001 Lead  
Implementer

A group of four smiling business professionals (two men and two women) are seated at a table in a meeting room. They are all wearing white shirts. The woman in the foreground is wearing a black top and a multi-strand necklace. The background is blurred, showing a modern office environment with large windows.

# Quality Management ISO 9001 Lead Implementer

REF: A2014 DATE: 23 - 27 September 2024 Venue: Bangkok (Thailand) - Fee: 6960 Euro

## Introduction:

This program is designed to prepare participants for the certification exam only.

This training program provides participants with comprehensive knowledge and practical skills to effectively implement and maintain ISO 9001 quality management systems. Through it, they are equipped to lead successful ISO 9001 implementation initiatives, ensuring adherence to quality standards and enhancing organizational performance.

## Program Objectives:

At the end of this program, participants will be able to:

- Describe the core ideas and tenets of a quality management system QMS based on ISO 9001.
- From the implementer's vantage point, interpret the requirements of ISO 9001 for a QMS.
- Utilizing the PECB's IMS2 Methodology and other best practices, begin and plan the implementation of a QMS based on ISO 9001.
- Assist a company in running, keeping up, and consistently enhancing a QMS based on ISO 9001
- Prepare for successful completion for the Certification Exam.

## Targeted Audience

- Personnel in charge of preserving and enhancing the caliber of the organization's goods and services.
- Personnel in charge of satisfying client needs.
