Emotional Intelligence for Leadership Excellence

REF: Z2115 DATE: 7 - 11 October 2024 Venue: Geneva (Switzerland) - Fee: 5940 Euro

Introduction:

This training program focuses on harnessing emotional intelligence to elevate leadership capabilities and achieve outstanding performance. It involves mastering self-awareness, self-regulation, empathy, and social skills to navigate complex interpersonal dynamics effectively. By integrating these EI principles, leaders can inspire and motivate their teams, foster strong relationships, and drive organizational success. This approach not only enhances leadership effectiveness but also cultivates a positive and resilient work environment.

Program Objectives:

By the end of this program, participants will be able to:

- Develop self-awareness to manage emotions and leadership style.
- Use self-regulation to stay composed and make sound decisions.
- Apply empathy to build strong, trust-based relationships.
- Enhance social skills for effective communication and conflict resolution.
- Inspire and motivate teams to drive performance.
- Foster a positive work environment through emotional intelligence.
