REF: B1823 DATE: 21 - 25 October 2024 Venue: Barcelona (Spain) - Fee: 6145 Euro

Introduction:

This program is designed to prepare participants for the certification exam only.

This training program provides participants with a comprehensive understanding of ITIL V4, focusing on best practices for IT service management. It empowers them to implement and manage IT services effectively, aligning IT service management with business needs and enhancing organizational performance.

Program Objectives:

At the end of this program, participants will be able to:

- Understand the core principles and concepts of ITIL V4.
- Implement ITIL V4 practices to improve IT service management.
- Align IT services with organizational objectives and customer needs.
- Manage and optimize IT service delivery and support processes.
- Apply ITIL V4 methodologies to drive continuous improvement in IT services.

Targeted Audience:

- IT Service Managers and IT Professionals.
- IT Consultants and Advisors.
- Project Managers.
- IT Operations and Support Staff.
- Personnel preparing for ITIL V4 certification.
