

€ TRAINING

Conference on Risk Management and
Effective Internal Audit

A group of four smiling business professionals (two men and two women) are seated at a table in a meeting room. They are all wearing white shirts. The woman in the foreground is wearing a black top and a multi-strand necklace. The background is blurred, showing a modern office environment with large windows.

2 - 6 December 2024
Kuala Lumpur (Malaysia)

Conference on Risk Management and Effective Internal Audit

REF: C1994 DATE: 2 - 6 December 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5850 Euro

Introduction:

This conference explores essential methodologies and techniques crucial for operational risk management and safety enhancement within industrial environments. It equips professionals with the knowledge and tools necessary to mitigate risks, enhance operational safety, and cultivate a proactive safety mindset across organizational levels.

Conference Objectives:

At the end of this conference, participants will be able to:

- Learn how to evaluate different types of risk.
- Develop the skills of applying advanced risk assessment techniques relevant to the process industry.
- Develop a strategy for planning and implementing risk reduction action plans.
- Appreciate the contribution of human error to accidents.
- Apply advanced techniques for root-cause analysis of incidents.
- Define internal auditing and internal control.
- Identify "high-risk" processes and build control systems that mitigate the risk.
- Develop control-based internal auditing recommendations that truly help management meet tactical and strategic objectives.
- Audit Evidence and Audit Sampling.
