Early Childhood Care and Education Focus

REF: H2504 DATE: 9 - 13 September 2024 Venue: Paris (France) - Fee: 5940 Euro

Introduction:

This training program is designed to equip participants with the knowledge and skills necessary to effectively nurture and educate young children. Through it, participants will be prepared to provide high-quality care and education that fosters the social, emotional, cognitive, and physical development of children in their early years.

Program Objectives:

At the end of this program, participants will be able to:

- Deepen their understanding of child development theories and principles.
- Enhance their skills in planning and implementing developmentally appropriate activities for young children.
- Equip themselves with effective strategies for promoting social, emotional, cognitive, and physical development in young children.
- Gain knowledge and tools for creating inclusive and culturally responsive learning environments.
- Develop effective communication and collaboration skills with families and other stakeholders in children's lives.
- Foster reflective practice and continuous professional growth among themselves.

Targeted Audience:

- Early childhood educators.
- Childcare providers.
- Preschool teachers.
- Teacher assistants.
- Child development professionals.
- Parents and caregivers.

Program Outlines:

Unit 1:

Understanding Child Development:

- Introduction to child development theories.
- Milestones in physical, cognitive, social, and emotional development.
- Implications for practice: applying developmental principles in early childhood settings.
- Cultural influences on child development.
- Environmental factors affecting child development.

Unit 2:

Planning and Implementing Developmentally Appropriate Activities:

- Principles of developmentally appropriate practice
- Designing engaging and educational activities for young children
- Incorporating play-based learning and exploration
- Learning to create activities that foster children's curiosity, creativity, and critical thinking skills while addressing various developmental domains such as cognitive, social, emotional, and physical development.

Unit 3:

Supporting Social and Emotional Development:

- Understanding the importance of social and emotional development in early childhood.
- Strategies for fostering positive relationships and emotional regulation.
- Promoting empathy, cooperation, and conflict resolution skills.
- Case studies and role-playing scenarios.

Unit 4:

Creating Inclusive and Culturally Responsive Environments:

- Recognizing and valuing diversity in early childhood settings.
- Strategies for creating inclusive learning environments.
- Incorporating cultural competence into curriculum and practices.
- Steps for Family engagement and community partnerships.

Unit 5:

Professionalism and Reflective Practice:

- Ethical considerations in early childhood care and education.
- Professional standards and best practices.
- Strategies for ongoing professional growth and development.
- Action planning: setting goals for personal and professional growth.
