Public Private Partnership PPP Project
Management

A group of four smiling business professionals (two men and two women) in a meeting room. They are wearing white shirts and are seated around a table. The background is blurred, showing a modern office environment. A large blue curved graphic element is overlaid on the top right and bottom right of the image.

10 - 14 March 2025
Paris (France)

Public Private Partnership PPP Project Management

REF: P1312 DATE: 10 - 14 March 2025 Venue: Paris (France) - Fee: 5940 Euro

Introduction:

This training program offers a comprehensive knowledge for professionals working on collaborative projects between the public and private sectors. It combines theoretical insights with practical case studies to address the complexities of PPP initiatives. This program equips participants with advanced skills and knowledge to effectively manage and lead successful projects.

Program Objectives:

At the end of this program the participants will be able to:

- Master project identification, stakeholder roles, and financial feasibility in PPPs.
- Understand risk evaluation, contract selection, and best practices.
- Enhance project attractiveness and appraisal skills for PPPs.
- Manage knowledge transfer and stakeholder expectations effectively.
- Analyze financing, procurement, and feasibility issues for successful PPPs.

Targeted Audience:

- Policymakers and senior government personnel.
- Legal and financial advisors.
- Directors and senior management from private infrastructure/public utility sectors.
- Professionals with experience in infrastructure projects and technical/financial consultants.
- Senior NGO officers.

Program Outline:

Unit 1:
