# Advanced Financial Governance and Risk Management

REF: F2796 DATE: 2 - 6 June 2025 Venue: London (UK) - Fee: 5300 Euro

## Introduction:

Financial Governance is a critical aspect of organizational management that encompasses the framework of rules, practices, and processes by which financial resources are directed and controlled. This training program aims to equip advanced-level professionals with the knowledge and skills necessary to implement and oversee robust financial governance practices, aligning financial strategies with organizational goals.

## Program Objectives:

By the end of this training program, participants will be able to:

- Understand the principles and frameworks of financial governance.
- Analyze and evaluate financial governance practices in their organizations.
- Develop strategies for improving financial transparency and accountability.
- Identify the role of financial governance in risk management and compliance.
- Implement best practices in financial reporting and ethical financial decision-making.

## Targeted Audience:

- Finance Managers.
- Compliance Officers.
- Internal Auditors.
- Risk Management Professionals.
