# Framework of Councils and Committees in Europe

REF: K2435 DATE: 16 - 20 June 2025 Venue: Cambridge (UK) - Fee: 5830 Euro

## Introduction:

This training program provides a comprehensive understanding of the organizational structures and functions of councils and committees within European governance systems. Through interactive sessions and case studies, participants develop the knowledge and skills necessary to navigate and contribute to the functioning of councils and committees at various levels of governance in Europe.

## Program Objectives:

By the end of this program, participants will be able to:

- Understand the organizational structures and functions of councils and committees in European governance systems.
- Navigate the roles, responsibilities, and decision-making processes of these bodies effectively.
- Contribute to and engage in European policy-making processes with confidence and proficiency.

## Target Audience:

- Government officials and policymakers involved in European governance.
- Professionals working in international organizations or NGOs focusing on European affairs.
- Researchers and academics studying European political systems and institutions.
- Individuals seeking to enhance their understanding of European governance structures for career advancement or personal interest.

## Program Outlines:

### Unit 1:

#### Introduction to European Governance Structures:

- Overview of the European Union's institutional framework.
- Understanding the roles of councils and committees in European decision-making.
- Analysis of the relationship between European institutions and member states.
- Examination of the evolution of European governance structures.

- Discussion on the significance of councils and committees in shaping European policies.

## Unit 2:

### Roles and Responsibilities of Councils and Committees:

- Understanding the specific functions of councils and committees in different policy areas.
- Analysis of the decision-making processes within councils and committees.
- Examination of the legislative, advisory, and coordination roles of these bodies.
- Case studies highlighting the impact of councils and committees on European policies.
- Discussion on the challenges and opportunities associated with their roles.

## Unit 3:

### Engagement and Participation in European Policy-making:

- Strategies for effective engagement with councils and committees.
- Understanding the avenues for participation in European policy-making processes.
- Analysis of the role of stakeholders, including civil society organizations and industry representatives.
- Discussion on the importance of transparency and accountability in European governance.
- Case studies showcasing successful engagement and participation initiatives.

## Unit 4:

### Influence and Impact of Councils and Committees:

- Analysis of the influence of councils and committees on European policies and legislation.
- Examination of the mechanisms for monitoring and evaluating their impact.
- Discussion on the role of councils and committees in promoting policy coherence and coordination.
- Case studies illustrating instances of successful policy outcomes influenced by these bodies.
- Exploration of the challenges in measuring the impact of their decisions.

## Unit 5:

### Future Directions and Challenges:

- Analysis of emerging trends and developments in European governance structures.
- Discussion on the potential impact of external factors, such as globalization and digitalization.
- Examination of challenges facing councils and committees, including institutional reform and Brexit.
- Strategies for enhancing the effectiveness and legitimacy of European governance.
- Reflection on the future role of councils and committees in shaping the European Union's trajectory.
