Executive Leadership

4 - 8 May 2025
Dubai (UAE)

Executive Leadership

Introduction:

Leadership is an essential skill that helps guide organizations toward success and excellence in a dynamic work environment. This program is designed to enhance executive leadership skills and enable participants to implement effective strategies to achieve organizational success. By focusing on the development of decision-making skills, team building and management, and strategic motivation, it aims to equip leaders with the tools necessary to excel in ever-changing work environments.

Training Program Objectives:

By the end of this program, participants will be able to:

- Acquire the fundamentals and concepts of effective leadership and successful execution.

- Develop communication and negotiation skills to lead effectively.

- Build collaborative teams and motivate them to achieve common goals.

- Make strategic decisions and manage change efficiently.

- Achieve competitive excellence and success in a dynamic work environment.

Target Audience:

- Executive leaders and top management.

- General managers in companies and institutions.

- Entrepreneurs and business owners.

- Leaders and supervisors seeking to develop personal and executive leadership skills.

Training Program Units:

Unit 1:

Foundations of Effective Leadership:
