

€ TRAINING

Conference: Management, Finance,
Services, Development and Project
Management

A group of four smiling business professionals (two men and two women) are seated at a table in a meeting room. They are all wearing white shirts. The woman in the foreground is wearing a black top and a multi-strand necklace. The background is blurred, showing a bright, modern office environment.

12 - 16 August 2024
Kuala Lumpur (Malaysia)

Conference: Management, Finance, Services, Development and Project Management

REF: C1829 DATE: 12 - 16 August 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5850 Euro

Introduction

Introduction to the conference:

What is meant by financial management is a continuous and organized process that includes many procedures, such as planning, organizing, directing, controlling and monitoring the use of current and future financial resources, and it means applying general financial principles to the various financial resources in the institution.

Financial management in institutions mainly aims to achieve an increase in the gross and operating profit margin, an increase in net profit, and a reduction in costs, in addition to obtaining the largest share of the market.
