Leading with Emotional Intelligence EI

REF: M104 DATE: 26 - 30 August 2024 Venue: Kuala Lumpur (Malaysia) - Fee: 5300 Euro

Introduction:

Leading with Emotional Intelligence EI focuses on leveraging emotional awareness and regulation to excel in leadership roles. It involves understanding and managing one's own emotions while empathizing with and influencing the emotions of others to build strong, effective teams. By integrating self-awareness, empathy, and communication skills, leaders can foster a positive work environment and drive better decision-making. This approach enhances team cohesion and significantly contributes to achieving strategic objectives and organizational success.

Program Objectives:

At the end of this program, participants will be able to:

- Develop a profound self-awareness of their own emotions and how these impact their leadership style.
- Influence and motivate others effectively through an understanding of emotional dynamics.
- Cultivate an environment that supports and enhances emotional intelligence within the organization.
- Apply psychological principles to leadership to improve decision-making and team dynamics.
- Strengthen teamwork and collaboration by leveraging emotional intelligence to understand and manage diverse personality styles.
- Foster a work environment characterized by emotional intelligence and positive interpersonal relationships.

Targeted Audience:

- Managers and Team Leaders.
- Human Resources Professionals.
- Executives and Directors.
- Emerging Leaders.
